CRS Newsletter December 5th, 2022

Dear Members and Fellows of the CRS, dear subscribers of the CRS mailing list

With this newsletter we provide information and activities related to reproducibility, replicability and related topics. You will also find information about activities conducted by the CRS.

Content

1. **ReproducibiliTea:** Last talk of the semester on December 8, 2022 by **Carolin Strobl**
2. **UZH Reproducibility Day** on February 9, 2023 with **Keynote by Matthias Egger**
   Register and find current information on www.reprozurich.org
3. **SwissRN Annual Meeting** on January 13, 2023 with **Keynote by Brian Nosek**
   Register and find current information on https://www.swissrn.org/news/annualmeeting2022/
4. The University Library is looking for a coordinator for the upcoming **Data Stewards Program**
5. **DISK4U course:** Publishing personal and sensitive data, January 16 and 30th, 2023
6. **Publication Alert:** Bayesian approaches to designing replication studies

1. The final talk of the Fall 2022 semester **ReproducibiliTea** will be on site with **Christmas Cookies** and real Reproducibili**Tea**! Come to **KOL-H-317** on **December 8 2022**, for Prof. Carolin Strobl´s talk on
   Against the "one method fits all data sets" philosophy for comparison studies in methodological research (link),
   For more information on the journal club visit crs.uzh.ch/en/training/ReproducibiliTea.html.

2. **Save the Date - UZH Reproducibility Day** on February 9, 2023: please find the registration link and current information on www.reprozurich.org. The program features a keynote by Prof. Dr. Matthias Egger, President of the National Research Council at SNSF and a Welcome Address by Prof. Dr. Elisabeth Stark, UZH Vice President for Research. In the afternoon we offer hands-on workshops on Sample Size Planning, Dynamic Reporting, Preregistration, Replication Studies, Containerization and Open Data.

3. **SwissRN Annual Meeting** on January 13, 2023: please register and find current information on https://www.swissrn.org/news/annualmeeting2022/. The program features the presentations of the first Swiss Reproducibility Award winners and a Keynote by Prof. Brian Nosek, Co-founder and Executive Director of the Center for Open Science.

4. The University Library is looking for a coordinator for the upcoming **Data Stewards Program,** see the job announcement and contact andrea.malits@ub.uzh.ch for further questions.

5. **DISK4U course:** Publishing personal and sensitive data, January 16 and 30th, 2023 (13:00 -17:00) in collaboration with the University Library. More information and registration here.

6. **Publication Alert:** New preprint on *Bayesian approaches to designing replication studies* by CRS fellow Samuel Pawel, CRS director Leonhard Held and co-author available on arXiv https://arxiv.org/abs/2211.02552.
