

CRS Newsletter 2 June 2025

Dear members and fellows,
dear subscribers to our mailing list,

I am happy to send you the newsletter of the Center for Reproducible Science (CRS).

CoARA Survey: Invitation to Participate in a Survey on the Use of Metrics and Indicators. By the CoARA Working Group on Responsible Metrics and Indicators.

Deadline: 8 June 2025

More: <https://coara.eu/news/coara-wg-rmi-survey/>

Journal of Robustness Reports: A newly founded journal will publish short reanalyses of published empirical research findings. Diamond Open-Access.

More:

<https://www.bayesianspectacles.org/introducing-the-diamond-open-access-journal-of-robustness-reports/>

Publication Alert: Assessing the replicability of RCTs in RWE emulations, by Rachel Heyard, Leonhard Held and colleagues.

<https://doi.org/10.1186/s12874-025-02589-z>

Publication Alert: Marital status and risk of cardiovascular disease – a multi-analyst study in epidemiology, by our colleague-at-the-time Eva Furrer and others.

<https://doi.org/10.1007/s10654-025-01235-8>

Publication Alert: Assessing the potential of a Bayesian ranking as an alternative to consensus meetings for decision making in research funding: A case study of Marie Skłodowska-Curie actions, by Rachel Heyard and colleagues. <https://doi.org/10.1371/journal.pone.0317772>

Publication Alert: Does the UK DCD Risk Score have statistical flaws?, by CRS staff member Simon Schwab and colleagues.

<https://doi.org/10.1016/j.jhep.2025.04.030>
